CLUB AUTO: A PERFECT HOME-AWAY-FROM-HOME FOR YOUR COLLECTOR CAR OR EXOTIC

One of the benefits of being a Club Auto or higher member is having access to car storage & display at our Club Auto club houses. No matter what your collector car or exotic storage needs, you'll find our "storage facility" to be the most interesting, memorable, different and hospitable alternative for your vehicles...not to mention cost-effective! Our secured, climate-controlled facilities have modern, attractive interiors, convenient on-site parking, easy self-access, top notch vehicle caregivers and hands-on management.

While our Club Auto club houses vary in size and facility amenities, in addition to storage each club house has a kitchen, bathrooms, living room area with big screens and audio/visual technology, and complimentary outdoor parking.
