New Fife Location on I-5

The LeMay Museum administrative offices have moved to a new location in Fife, Washington. The new address is 3701 20th St. East, Fife, WA 98424. Our mailing

address remains the same as do our phone numbers, 253.779.8490 and toll free 1.877.902.8490.

The 42,000 sq. ft. interim facility provides more space for administrative functions and features attached warehouse space for storing and working on cars. The move consolidates what were previously multiple locations in downtown Tacoma and Clover Park. The move will reduce overall operating costs and allow our staff to work together in one location. The new complex features a 38,000 sq. ft. space which creates the opportunity for vehicle storage comparable to that of our Club Auto satellite location Kirkland. We are also offering dry, climate controlled and secure storage at a very reasonable cost.

Adopt-an-Auto: Another Great Way to Support America's Car Museum

AMERICA'S CAR MUSEUM[®]

LeMay - America's Car Museum recently announced a flexible new way for supporters to back the Museum. Named Adopt-an-Auto, the program is built around three donor levels designed to offer benefactors a broad range of adoption choices.

The program offers three levels of options starting with the Preservation level at \$4,800, the Road Tour level at \$10,000 and the Show Tour level at \$20,000. Benefits of Adopt-an-Auto include a complete dossier of records for the vehicle, driving and photo opportunities with the car and a customized cloisonné badge permanently attached to the car. All levels of adoption are tax-deductible.

Dominic Dobson, Chief Development Officer for

Thursdays:**

LeMay – America’s Car Museum expressed his enthusiasm about the program, “We are very excited about this program and feel that it will be a great opportunity for supporters to get personally involved with the Museum while having a lot of fun supporting their favorite car. Adopting an auto is a win-win situation for the Museum and the donor.”

Pacific Northwest Region, Porsche Club of America

Saturday, January 30, 2010

10:00 am – 4:00 pm

Club Auto Kirkland

For Museum and PCA members

\$10.00 Museum donation requested

Lunch and refreshments provided

Join the Pacific Northwest Region, Porsche Club of America in a tire tech session conducted by a long time PCA member, Tom Bogaard, who has over 25 years in the tire industry. It will cover how to "read" your tires sidewalls and different construction methods of tires, rubber compounds, wear and the proper tire for the seasons. After lunch, we will switch gears and watch the exciting start of the Rolex 24 Hours of Daytona endurance race on our big screen TV!

Car Judging Symposium

Presented by the Classic Car Club of America

Saturday, February 27, 2010

10:00 am – 1:00 pm

Club Auto Kirkland

For Museum and CCCA members

No charge; coffee and donuts provided

The day starts off with a forty minute presentation on the Classic Car Club of America car judging rules and regulations. Following the presentation, several master judges will lead groups in a hands-on session using the Classic Car Club of America 200-point system for car judging. This is a perfect opportunity for members who want to learn the proper way to judge a classic car – whether it be for their current car, for future purchases or as a guideline for restoration projects - and for aspiring car judges!

Visit LeMay On:

Club Auto Kirkland Wine Tasting

On December 11, 2009, members and guests were treated to a wine tasting featuring Hedges Family

Estate wine and delicious hors d'oeuvres from the Upper Crust Catering. The event kicked off with David Maderia, President & CEO presenting awards to Tom Hedges, owner of the [Hedges Family Estate](#) and Jim Lustig, owner of [Upper Crust Catering](#) for their dedication to the LeMay Museum as Official Providers.

The night also provided a great opportunity for members to meet, to announce the new Adopt-an-Auto program and to introduce the newest addition to the Steering Committee, Paul Hageman, who is the youngest person to ever join the Museum's leadership. Congratulations Paul!

Sponsor Highlight: Hagerty Insurance

Building on their successful involvement with LeMay - AMERICA'S CAR MUSEUM, Hagerty Insurance has assumed the role of the Museum's Official Collector Car Insurance Provider. As part of this move Hagerty has committed to a multiple year deal to become the national sponsor of LeMay's Club Auto museum satellites. In this capacity Hagerty will bring their finely-tuned understanding of the collector car community and their valuable services to enhance the Club Auto experience.

Club Auto helps extend the reach of LeMay to venues far beyond the main Museum campus. The support

provided by Hagerty will promote the expansion in the number of established clubs from the current two locations to include select locations nationwide.

Both the Kirkland, Washington and Colorado Club Auto facilities provide members with collector car storage, as well as a great place to relax, meet and socialize with like-minded enthusiasts, forge friendships and share adventures—at the club and on the road behind the wheel.

“This is a natural evolution in our relationship with the LeMay Museum,” stated McKeel Hagerty, CEO of Hagerty Insurance. “We are a big believer in the Club Auto concept and feel Hagerty is well positioned to enrich the membership experience.”

David L. Madeira LeMay’s President & CEO characterized the importance of the relationship stating, “Our Club Auto enterprise is an important part of our effort to build a community of like-minded enthusiasts nation wide. McKeel Hagerty and his team share the same vision of service to the collector community. Hagerty’s excellent reputation, expertise, enthusiast network and passion for the automobile, make Hagerty a perfect partner for us”.

Target markets for future expansion of the Club Auto currently include, Tacoma WA, Scottsdale AZ, Las Vegas NV, Kansas City, metropolitan New York and the San Francisco Bay area.

About Hagerty:

In 1983, Frank and Louise Hagerty realized that appropriate insurance coverage for their collector wooden boats didn't exist. So — armed with years of general-lines insurance experience — the Hagerty's launched a revolutionary agreed value policy for collector boats. Within a few years, half of the vintage boat owners in the country were Hagerty clients.

In 1991, Hagerty created a similar product for collector cars. And in 1995 two of Frank and Louise's three children, Kim and McKeel, came home to run the family business - despite their vows to never

make a career of insurance! Together they've overseen the company's tremendous growth, which has been supported by a great product, exceptional client service, cutting-edge technology, creative marketing and, of course, intelligent, forward-thinking and hard-working employees. In 25 years, Hagerty has grown from a small agency headquartered in the Hagerty family basement to the leading provider of collector car and boat insurance in the world!
