## UPCOMING EVENTS

# Volkswagen Exhibit Opens January 11

Think Small. America's Car Museum is celebrating the car that embodies the free-spirited 1960s this year with Vee Dub: Bohemian Beauties, an exhibit dedicated to the Volkswagen. An unlikely love-affair, Ferdinand Porsche's German "people's car" found success and fame in mid-twentieth century America amongst a class of people looking to be a little different.

An exhibit sure to please, Vee Dub will feature several examples of German engineering from private collectors and the museum collection. Volkswagen of America has lent three rare and significant vehicles to the exhibit, making this a show you won't want to miss.

The exhibit opens on Saturday, January 11th with a public unveiling at 10:00 AM. Members will enjoy the movie marathon in Club Auto all day Saturday with back-to-back showings of *The Love Bug* franchise and movie snacks. [For movie show times and information, click here.](#)

Before the exhibit opens, you can share your unique Volkswagen stories with us on social media with #VWACM. Our favorite stories will be featured on a digital display in the exhibit. ACM invites you to take a trip back in time and experience the outsized impact of the little German car brand that could.

**Celebrating the Region's Roads on our "Wine & Wheels" Tour**

For us car lovers, there's nothing better than driving our favorite special car somewhere. At America's Car Museum, it's all about the enjoyment of cars and motoring and we prove it every year with our Wine & Wheels Tour - going to appealing places on interesting roads surrounded by fun people driving great cars!

2013 Wine & Wheels Tour

This past June, we spent two and a half days and drove 750 plus miles to, in and around Walla Walla, meandering from

Tacoma with scenic views along the way and savoring the 100 degree temperatures before arriving at Washington's wine capital. We got the red carpet treatment at every stop, including Hedges Family Estate Winery and The Marcus Whitman Hotel. Local vintners and a renowned Seattle chef convened at the private home of a friend of ACM for a memorable summer feast! It would have only been better if you were with us!

## ACM Welcomes New VP For Institutional Advancement

Deirdre Evans has been named Vice President for Institutional Advancement for LeMay - America's Car Museum. She will oversee communications, marketing and development for ACM. Deirdre has over 15 years of progressive fundraising experience. She received

her bachelor's degree from University of Washington Tacoma, her MBA in finance from the University of Redlands, and is a certified fundraising executive. Previously, Deirdre served as director of development for the Orange County Council Boy Scouts of America and Southwest Regional Director for Catholic Relief Services.

Deirdre will be working in partnership with David Madeira, President and CEO of LeMay - America's Car Museum and Paul Miller, Chief Operating Officer.

Evans has traveled extensively and has an 18 year old daughter Anya. To learn more, please [visit her LinkedIn profile](#).
