HAGERTY EDUCATION PROGRAM

ACM is seeking a

without the passion and perseverance of a small, talented team. They overcame corporate challenges, budget constraints, and impossible deadlines to bring the Mustang to life. Experience this uniquely American story with ACM's *Masters of Mustang* exhibit.

Moonshine and Mustang: Exclusive Member Preview

ACM members at the Silver Key Driver level and above are invited to Exclusive Member Previews of all exhibits. Join us Friday, July 13 for a private preview of the *Masters of Mustang* exhibit with specialty moonshine and red velvet cupcake tastings, provided by Batch 206 and Hello Cupcake.

Members See It First!

Saturday, June 14 8:30-10 am

All ACM members are invited to see the new exhibit *Masters of Mustang* before it opens to the public. The morning will be full of exciting activities you don't want to miss. The first 100 ACM members will receive a commemorative *Masters of Mustang* poster.

1928 Auburn 88 Speedster on loan from Barrie and Karen Hutchinson, pictured here at the Pebble Beach Concours d'Elegance.

In 1928, customers could choose from two Speedster models - the "88" with a 125-inch wheelbase and the "115" with a larger 130-inch wheelbase. The Model 88 was powered by a 247 cubic inch inline eight-cylinder Lycoming engine that produced 88hp and had a top-speed of 85 mph. The car had many advanced engineering features generally reserved for much more expensive marques including Lockheed four-wheel hydraulic brakes and a Bijur one-shot chassis lubrication system.

The Model 88 seen here was damaged in a fire in the 1930's and found abandoned in a field in Idaho in 1956 and remained unrestored for forty-years. Three owners later, it has been full restored and was invited to the 2013 Pebble Beach Concours d'Elegance. There were only 175 of this model produced.
