# INDEPENDENT AUDITOR'S REPORT

May 18, 2021

Board of Directors LeMay - America's Car Museum Tacoma, Washington

We have audited the accompanying consolidated financial statements of LeMay - America's Car Museum, which comprise the consolidated statements of financial position as of December 31, 2020 and 2019, and the related consolidated statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditors' Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# **Opinion**

In our opinion, the consolidated financial statements referred to in the first paragraph of this letter present fairly, in all material respects, the financial position of LeMay - America's Car Museum as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# **Other Matters**

## Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying consolidating statements of financial position as of December 31, 2020 and 2019 and consolidating statements of activities for the years then ended are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements.

The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating financial statements are fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

## YEARS ENDED DECEMBER 31, 2020 AND 2019

## NOTE A - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

In 1998, Harold and Nancy LeMay formed The Harold E. LeMay Museum, now called LeMay - America's Car Museum (ACM), a nonprofit corporation in the state of Washington. They committed themselves to donating a portion of the vast LeMay Collection to the museum for the benefit of the public. LeMay - America's Car Museum was chartered to secure, preserve, and interpret the valuable LeMay Collection, along with additional vehicles and artifacts that it may acquire in order to explore the broad themes of American mobility and lifestyle in an instructive and entertaining manner. Its primary sources of revenue and support are private contributions, grants, and museum admission tickets. Opened on June 1, 2012, the spacious museum with rotating exhibits is designed to be the centerpiece for automotive history as well as an educational center and library. The campus contains a 3.5-acre show field, theatre, store, cafe, banquet hall, and meeting facilities.

In 2010, as part of the New Markets Tax Credit financing package utilized for the construction of the museum and show field, two subordinate entities were created: LeMay-Dome Parking Association (DOME) and The Harold E. LeMay Museum (HELM). These organizations are registered with the state of Washington as nonprofit corporations. The board members of these two organizations are required to be board members of LeMay - America's Car Museum. The sole purpose of these organizations is to support LeMay - America's Car Museum.

In 2014, RPM Foundation, formerly Hagerty Education Program, a 501(c)(3) organization, became a 509(a)(3) supporting organization of LeMay - America's Car Museum. RPM Foundation is the first major museum-based program designed to train young people in the skills and trades necessary to preserve and restore collector vehicles and boats.

On January 1, 2017, America's Automotive Trust (AAT), a Washington not-for-profit corporation, was formed to secure America's automotive heritage through the support of cultural institutions displaying the history and cultural significance of the automobile; supporting educational and scholarship programs to ensure the skill sets necessary to perpetuate the maintenance and restoration of historic automobiles; establishing a system for recognition of historically significant automobiles; and providing active programs to encourage utilization of historic automobiles and engage the communities that support them. During 2019, the bylaws of AAT were amended such that the Board of Directors consists of those board members serving on the Board of Directors of ACM. Accordingly, beginning in 2019 the activity for AAT has been consolidated herein.

## Principles of consolidation

The consolidated financial statements include the accounts of LeMay - America's Car Museum, The Harold E. LeMay Museum, LeMay - Dome Parking Association, America's Automotive Trust, and RPM Foundation (collectively, the Museum). The entities are under common control shared through a Board of Directors. All material inter-organization transactions have been eliminated in the consolidation.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

## YEARS ENDED DECEMBER 31, 2020 AND 2019

# NOTE A - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued) Basis of presentation

The Museum presents its consolidated financial statements on an accrual basis of accounting in accordance with FASB Accounting Standards Codification (ASC) 958, *Not-for-Profit Entities*. Under FASB ASC 958, the Museum is required to report information regarding its financial position and activities based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

## Fair value measurements

In accordance with financial accounting standards, a three-tiered hierarchy of input levels is used for measuring fair value. Financial accounting standards defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Valuation techniques utilized to determine fair value are consistently applied. The three tiers of inputs used for fair value measurements are as follows:

- Level 1: Fair values are based on quoted prices in active markets for identical assets and liabilities.
- Level 2: Fair values are based on observable inputs that include: quoted market prices for similar assets or liabilities; quoted market prices that are not in an active market; or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets.

Level 3: Fair values are calculated by the use of pricing models and/or discounted cash flow methodologies, and may require significant management judgment or estimation. These methodologies may result in a significant portion of the fair value being derived from unobservable data.

Assets and liabilities carried at fair value on a nonrecurring basis using level 2 inputs generally include donated goods and services. Long-term promises to give are valued on a nonrecurring basis using the net present value of future cash flows which is a level 3 input. The Museum also uses fair value concepts to test various long-lived assets for impairment. There were no assets measured at fair value on a recurring basis as of December 31, 2020 or 2019.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

## YEARS ENDED DECEMBER 31, 2020 AND 2019

# NOTE A - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

# Cash and cash equivalents

Cash and cash equivalents consist of highly liquid investments with remaining maturity at the date of purchase of three months or less. The Museum maintains its cash and cash equivalents in bank accounts that may exceed federally insured limits at times during the year. The Museum has not experienced any losses in these accounts and management does not believe it is exposed to any significant credit risk.

#### Contributions receivable

Contributions receivable represents unconditional promises to give by donors and are stated at net realizable value. In accordance with financial accounting standards, unconditional promises to give are recognized as support in the period received.

#### Other assets

Other assets includes two Auguste Rodin sculptures, *L'age d'airain* and *Petite Eve*, which the Museum received from donors during 2009. While it is the Museum's intent to sell these assets, they are not being actively held for sale at this time.

# Property and equipment

Land, buildings, and equipment are stated at cost or, if donated, at fair value at the date of donation, less accumulated depreciation. The Museum capitalizes fixed assets with a cost greater than \$1,500. Maintenance and repair costs are expensed as incurred. The cost and related accumulated depreciation of significant assets sold or retired are removed from the property accounts and any resulting gain or loss is reported as an increase or decrease in net assets.

Depreciation is provided on the straight-line method over the assets' estimated useful lives, which, for building improvements is 15 years, for the building is 39 years, and for furniture and equipment is three to seven years.

Property and equipment for the Museum consisted of the following at December 31:

|                               | <u>2020</u>   | <u>2019</u>   |

# NOTE A - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property and equipment (continued)

The Museum, using its best estimates based on reasonable and supportable assumptions and projections, reviews for impairment of long-lived assets when indicators of impairment are identified. The review addresses the estimated recoverability of the assets' carrying value, which is principally determined based on projected undiscounted cash flows generated by the underlying tangible assets.

When the carrying value of an asset exceeds estimated recoverability, asset impairment is recognized. There were no impairment losses on the classic and antique cars for the years ended December 31, 2020 and 2019.

In 2010, the City of Tacoma donated 7.8 acres of land valued at \$14,788,191 to the Museum subject to certain restrictions. So long as the Museum's \$3.6 million HUD loan (see Note E) is outstanding, the donated land may not be used as collateral. Once the HUD loan has been satisfied, the land may then be utilized as collateral to fund expansion or capital improvements to the Museum.

## Revenue and support

#### Admissions

Admissions revenue includes ticket sales for admission into the museum, adjusted for discounts and promotions. Admissions revenue is recorded at time of admission.

## **Memberships**

Membership dues, which are nonrefundable, are comprised of an exchange element based on the value of benefits provided and a contribution element for the difference between the total dues paid an the exchange element. The Museum recognizes the exchange element of membership dues over the membership period and recognizes the contribution portion immediately.

#### Guest services

The Museum collects revenue from various guest attractions and services, such as slot car racing, racing simulators and guest parking. Guest services revenue is recorded at the point of sale.

#### Tours and events

Tours and events revenue primarily consists of private event space rental fees and related income, such as catering commissions and group tour tickets. Revenue is recognized on completion of the private event or group tour.

## Other earned revenue

Other earned revenue includes income from sources unrelated to the Museum's normal activities, such as parking revenue as the result of events held at the adjacent Tacoma Dome and Club Auto car storage fees. This revenue is generally recognized at the point of sale.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

## YEARS ENDED DECEMBER 31, 2020 AND 2019

# NOTE A - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued) Revenue and support (continued)

## **Contributions**

The Museum recognizes contributions when cash, securities or other assets, and unconditional promises to give or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier and a right of return or release, are not recognized until the conditions on which they depend have been met.

Donor-restricted support is reported as an increase in donor-restricted net assets depending on the nature of the restriction. When restrictions expire, that is, when a stipulated time restriction ends or purpose restriction is accomplished, donor-restricted net assets are reported as net assets released from restrictions.

Gifts of equipment are reported as net assets without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

# In-kind donations

Donated goods are recorded at their estimated fair value at the date of donation. Donated rent is recognized at the fair value of the space occupied. Donated services are recorded as in-kind contributions and are recognized as revenue at estimated values at the date of receipt if they (a) create or enhance non-financial assets, or (b) require specialized skills and would need to be purchased if not provided by donation. Corresponding expenses are recognized as the assets and services are utilized. A number of volunteers have donated time to the Museum's programs and fundraising activities. The services of those volunteers are not recorded in the consolidated financial statements as they do not meet the criteria for recognition.

In-kind contributions are as follows for the years ended December 31:

|                                  | <u>2020</u>   | <u>2019</u>   |

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

## YEARS ENDED DECEMBER 31, 2020 AND 2019

# NOTE A - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Derivative financial instruments

In accordance with financial accounting standards, all derivative financial instruments are recognized in the consolidated financial statements and measured at fair value. The Museum entered into an interest rate swap contract in May 2017 in order to manage the interest rate risk on long-term borrowings. This contract is designated as a cash flow hedge and is used to reduce the exposure to possible increases in interest rates.

# Expense allocation

Directly identifiable expenses are charged to program, fundraising, and management and general expenses. Expenses relating to more than one function are charged to the function based on an estimate of utilization for that particular function. Management and general expenses include those expenses that are not directly identifiable with any specific function but to provide for the overall support of the Museum.

## Advertising

The Museum expenses the costs of advertising as incurred. Advertising expense for the years ended December 31, 2020 and 2019, was \$12,815 and \$154,537, respectively.

#### Federal income tax

The LeMay - America's Car Museum and America's Automotive Trust are exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. The Harold E. LeMay Museum and LeMay Dome Parking Association are 509(a)(3) supporting organizations of LeMay - America's Car Museum. RPM Foundation is a 509(a)(3) supporting organization of America's Automotive Trust. Net unrelated business income, if any, is subject to federal income taxes under Sections 512 and 514. Taxes paid, if any, are immaterial to the Museum.

The Museum evaluates its uncertain tax positions and a loss contingency is recognized only when it is more likely than not the tax position will not be sustained on examination by tax authorities, based on technical merits of the position. The Museum recognizes interest and penalties related to income tax matters in income tax expense, if applicable. As of December 31, 2020, the Museum is not aware of any uncertain tax positions that require accrual.

#### Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

# NOTE A - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued) Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation. There has been no impact on the prior year change in or classification of net assets as a result of the reclassifications.

# **NOTE B - LIQUIDITY**

The Museum receives significant contributions and promises to give which are restricted by donors, and considers contributions without donor restrictions, board-designated and restricted for programs that are ongoing, major, and central to its annual operations to be available to meet cash needs for general expenditures. The Museum manages its liquidity and reserves following three guiding principles: operating within a prudent range of financial soundness and stability, maintaining adequate liquid assets to fund near-term operating needs, and maintaining sufficient reserves to provide reasonable assurance that long-term obligations will be discharged.

The Museum strives to maintain current financial assets less current liabilities at a minimum to support 30 days of operating expenses. The Museum targets a year-end balance of reserves of unrestricted, undesignated net assets to meet 15 to 30 days of expected expenditures.

The table below presents financial assets available for general expenditures within one year at December 31:

## NOTE C - COLLECTION

The Museum's collection consists of automobiles and other memorabilia that are held for public exhibition, education and curatorial purposes. The Museum has policies in place to ensure that the collection is adequately displayed, stored, protected, and maintained. The collection has been acquired through purchases and contributions since the Museum's inception.

The Museum has adopted a policy of not capitalizing the collection in its consolidated financial statements. Accordingly, no collection items are recognized as assets, whether they are purchased or received as a donation. Purchases of collection items reduce net assets in the period when purchased. Proceeds from sales or insurance recoveries are recorded as increases in net assets when received. It is the policy of the Museum that proceeds from the sale of any collection items are to be used to purchase additional collection items, the direct care of existing collection items, or both.

Vehicles donated to the Museum undergo a thorough evaluation to determine whether they should be accessed into the collection. During this determination process, they are held on the books of the Museum and reported as "classic and antique cars - not accessed" on the consolidated statements of financial position. For donated items in excess of \$5,000, the museum obtains appraisals to determine the fair value. In order to determine the fair value of items less than \$5,000, the Museum's collection manager utilizes the donor's listed value, pricing guides, and other reference material to develop a conservative estimate of the item's fair value.

Items which are approved by the Conservator in conjunction with the Collection Committee to be accessed into the collection are transferred off the books of the Museum and into the collection. Items which are to be sold are reclassified into "vehicles held for sale" until they can be sold.

# NOTE D - CONTRIBUTIONS RECEIVABLE

Contributions receivable due in more than one year are recorded at the present value of estimated future cash flows using discount rates ranging from 1.69% to 3.86%. As of December 31, 2020, 29% of total contributions receivable were due from one board member.

## NOTE E - LONG-TERM DEBT

Long-term debt consists of the following:

Note payable to Columbia Bank, bearing interest at 30 day LIBOR +2.5% floating (0.144% as of December 31, 2020). An interest rate swap effective May 2017 sets the interest rate for the loan at 5.15%. The note is secured by a first deed of trust, assignment of rents, and commercial property. The commercial property is owned by a company of one of the Museum's board members and not by the Museum. In addition, the note is further secured by a first position blanket UCC filing and security agreement on all of the borrower's assets, including a recorded assignment of rents and leases on the Museum's Lots "B" and the "Showfield". The loan requires monthly principal and interest payments starting July 1, 2017 through maturity date of May 1, 2027.

Note payable to Columbia Bank, bearing interest at 6% until paid in full. The note is secured by all inventory and equipment including three racing simulators. The loan requires monthly principal and interest payments starting May 1, 2019 through maturity date of April 1, 2022.

Note payable to City of Tacoma (HUD), funded by a Community Development Block Grant Section 108 Guarantee Loan, and bearing interest of LIBOR + 0.7% (1.4% as of December 31, 2020) thereafter until conversion to a fixed interest rate. Interest-only payments were due in the initial period, from May 28, 2010 through August 1, 2017. In August 2017, this note was amended and payment was extended with annual principal payments due each August 1, through maturity on August 1, 2029.

## YEARS ENDED DECEMBER 31, 2020 AND 2019

## NOTE F - THIRD PARTY CREDIT ENHANCEMENTS

One of the Museum's board members provided the Museum's bank with additional guarantees for a specific loan. The board member allowed the Museum to use his business property as collateral for the loan and provided his personal guarantee. The Museum explored various methods for determining a fair value for these guarantees, but found these methods to be impractical and, in accordance with financial accounting standards, no value has been recorded. However, without these guarantees the Museum would not have been able to complete the financing package that funded the construction of the Museum. The personal guarantee was removed from the loan in 2020.

#### **NOTE G - RELATED PARTY**

During 2019, AAT hired a new CEO on a part-time basis who is also the part-time CEO for TechForce Foundation (TechForce), a 501c3 organization located in Scottsdale, Arizona. TechForce's mission, which is to champion students to and through their education and into careers as professional technicians, complements the mission of the Museum. It is believed that by combining the mutual resources of TechForce and the Museum, a greater level of efficiency in delivering both missions will be achieved. During 2020, however, the Board terminated its relationship with TechForce and its CEO. There were no material financial transactions between the Museum and TechForce during the year ended December 31, 2020.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

# YEARS ENDED DECEMBER 31, 2020 AND 2019

# NOTE I - REFUNDABLE ADVANCES

In April 2020, the Museum applied for and received a Paycheck Protection Program ("PPP") loan through Columbia State Bank in the amount of \$638,144. The loan was funded on April 28, 2020 and has a maturity date of April 28, 2022. PPP loans have a forgiveness option for employers who maintain their staffing levels and salaries at pre-COVID-19 pandemic levels. Expenses eligible to trigger forgiveness include employee wages, benefits, office utilities, and loan interest payments. The Museum entered into the program with the intention of complying with the terms for forgiveness and has recognized the loan as a conditional grant. Should the Museum fail to meet the terms for forgiveness, interest at a rate of 1% will be added to the amount owing and the first monthly payment of \$35,913 would have been due November 28, 2020, but repayment has been deferred pending a determination of forgiveness.

#### NOTE J - RETIREMENT PLAN

The Museum sponsors a 403(b) defined contribution pension plan. Employees may contribute up to the Internal Revenue Service limits per year. The Museum matches eligible employees' contributions up to 5% of their compensation. Eligible employees include those having one year of service and have reached age 21. For the years ended December 31, 2020 and 2019, the Museum contributed \$53,675 and \$89,921, respectively, in matching contributions. The Museum also provides a nonqualified, non-matching, deferred compensation plan open to certain senior management.

# NOTE K - DERIVATIVE FINANCIAL INSTRUMENTS

In May 2017, the Museum refinanced its interest rate swap agreement that effectively converted \$2,500,000 of a variable-rate loan issue to a fixed interest rate of 5.15% with an effective date of June 1, 2017.

In accordance with financial accounting standards, all derivatives, whether designated as hedging relationships or not, are required to be recorded on the consolidated statement of financial position at fair value. The effective gains and losses of the cash flow hedges are recognized in the consolidated statement of activities as a change in net assets when the hedged item affects current period earnings. The fair value of the interest rate swap is based on current market price.

For the years ended December 31, 2020 and 2019, variable interest rates have fluctuated, resulting in the recording of a total interest rate swap liability of \$298,413 and \$151,420, respectively.

Interest incurred and paid under this swap agreement is as follows for the years ended December 31:

|  | <u>2020</u>   | <u>2019</u>   |
|--|---------------|---------------|
| Interest incurred at variable rate         | \$<br>74,286  | \$<br>117,246 |

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

## YEARS ENDED DECEMBER 31, 2020 AND 2019

## **NOTE L - COMMITMENTS**

# Option agreement

In August of 2007, the Museum exercised an option agreement with the City of Tacoma (the City) to acquire approximately 7.8 acres of land located near the Tacoma Dome, through a donation by the City, for the new location of the Museum. The Museum closed on the land in May of 2010 and retains a 20-year option for an additional one-acre parcel which expires August 2027.

In 2020 and 2019, the Museum had a \$500,000 revolving line of credit. Advances on the line of credit were payable on demand and accrued interest at 1.75 percentage points over the bank's base rate, but not less than 5% per annum. The line of credit was collateralized by the general assets of the Museum and guaranteed by a member of its Board of Directors. The line of credit matured in October 2020 and was not renewed. There was no balance outstanding at maturity.

## NOTE M - RISKS AND UNCERTAINTIES

The Museum is subject to the risk and challenges associated with organizations at a similar stage of operation including dependence on key individuals, successful marketing of the Museum and its events, and ability to retain significant donors and sponsors.

The Museum operates in the not-for-profit sector, and accordingly, can be affected by a variety of factors. For example, management of the Museum believes that any of the following factors could have a significant negative effect on the Museum's future financial position, results of operations and cash flows: failure of its marketing efforts to grow attendance and membership, adverse economic conditions that impact customers' ability and willingness to attend events, and inability to retain significant donors.

On March 11, 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States. On March 23, 2020, the Governor of Washington declared a health emergency and issued an order to close all nonessential businesses until further notice. Management continues to evaluate the financial impact of the COVID-19 pandemic and monitor carefully the effect on the Museum's financial position, changes in net assets, and cash flows in the future.

## **NOTE N - SUBSEQUENT EVENTS**

Subsequent events are events or transactions that occur after the consolidated financial position date but before consolidated financial statements are available to be issued. The Museum recognizes in the consolidated financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of consolidated financial position, including the estimates inherent in the process of preparing the consolidated financial statements.

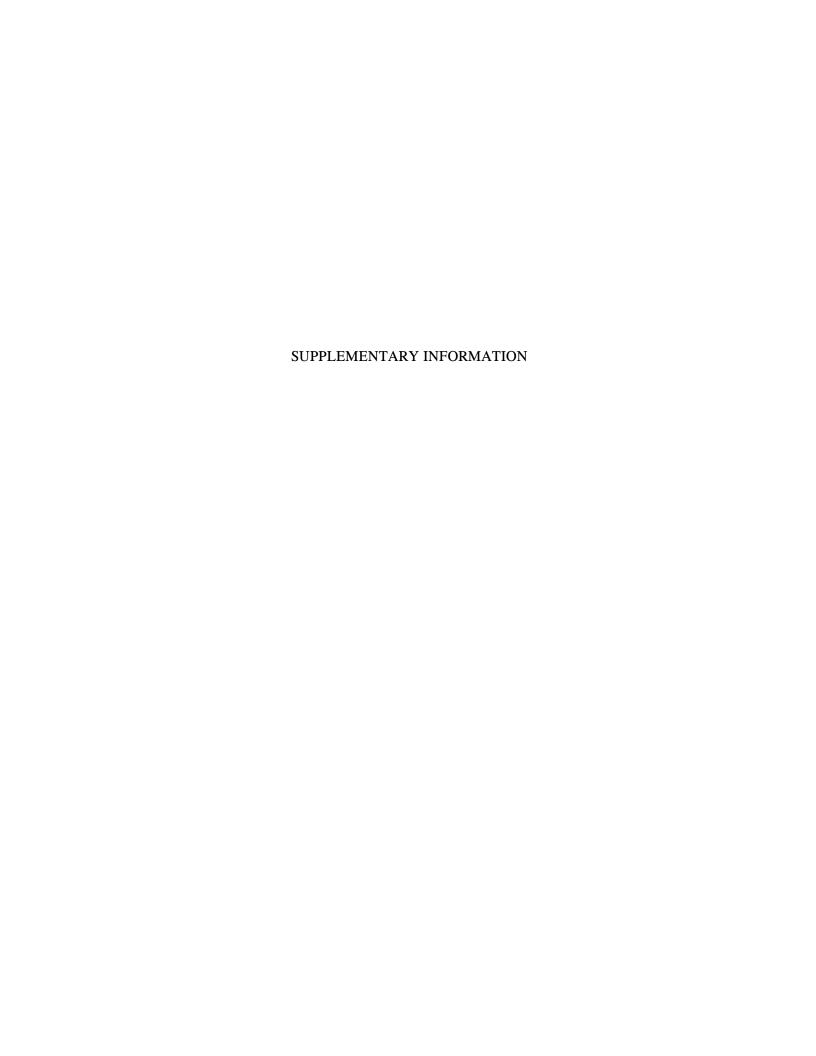

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

# NOTE N - SUBSEQUENT EVENTS (Continued)

Subsequent events were evaluated through May 18, 2021, which is the date the consolidated financial statements were available to be issued, for events requiring recording or disclosure in the consolidated financial statements for the year ended December 31, 2020.

In 2021, America On Wheels museum (AOW), a 501(c)(3) organization located in Allentown, Pennsylvania, came under the control of the Museum's board. AOW will serve as an east coast presence continuing to fulfill the Museum's national mission. The transition of services between entities will take place during 2021, with completion by year end.
