

 Club Auto is an organization that lives at the heart of the car culture and through which enthusiasts of all types come together to celebrate their shared passion for all things automotive. A program of America's Automotive Trust (AAT), Club Auto is 'Hagerty Powered' and is, in reality, a collaborative effort of two entities committed to serving the collector community today while promoting America's automotive heritage.

Providing collectors opportunities to drive the cars they love while enjoying the camaraderie of fellow enthusiasts is the heart and soul of the Club Auto experience and is made possible through the combined resources of AAT and Hagerty. Club Auto provides its members with auto-centric events at a growing number of affiliate club locations and through a year-round calendar of socials, seminars, rallies and tours nationwide.

In addition to driving and social opportunities, Club Auto membership offers a variety of benefits including membership in America's Car Museum, use and car storage opportunities at affiliate clubs and access to programs of the RPM Foundation—all collaborative entities of America's Automotive Trust—and, importantly, your involvement as a Club Auto member helps support a number of heritage programs which are working to ensure a bright future for the collector community.

With a year-round calendar of club-related activities and an expanding club network, Club Auto membership can enable you to more fully enjoy the our car enthusiast culture. We invite you to join Club Auto today and take advantage of all it has to offer.
