

# FULL STEAM AHEAD

## A K-12 EDUCATOR WORKSHOP

**Saturday, February 27, 2016**

**9:30 am - 3:30 pm**

Hosted by LeMay - America's Car Museum  
2702 East D Street, Tacoma, WA 98421

Learn creative new ways to incorporate Science, Technology, Engineering, Art, and Math into your classroom, with a focus on environmental sustainability. Participate in three hands-on workshops led by museum educators from Foss Waterway Seaport, LeMay - America's Car Museum, Museum of Glass, Tacoma Art Museum and the Washington State History Museum.

### WORKSHOPS

#### Powering a Sustainable Future

**Presented by Foss Waterway Seaport and LeMay - America's Car Museum**

Help your students become more environmentally aware and personally involved in the clean-up, protection, and preservation of the region's marine ecology. Learn about advanced vehicle technologies and alternative fuels that reduce our dependence on nonrenewable resources and create sustainable solutions to power our future.

#### CSI: Meriwether Lewis

**Presented by Washington State History Museum**

Learn how to teach students to apply the Scientific Method and forensic science to the study of historical artifacts and primary resources.

#### Sea to Shining Sea

**Presented by Museum of Glass and Tacoma Art Museum**

Learn about art that is inspired by the sea and can inspire conservation efforts, as well as the use of technology when making the artwork. A hands-on printmaking workshop is also incorporated into the session.

Register and learn more at  
[americascarmuseum.org/fullSTEAMahead](http://americascarmuseum.org/fullSTEAMahead)

Cost: \$40

Registration includes 5 clock hours, lunch, lesson plans, parking, and admission to each museum.
