## **Virtual Gala to benefit Car Culture, Community and Careers to Happen this Weekend**

### ***Annual Fundraiser Benefits Renowned Automotive Museum and Its Partner Nonprofits***

**(September 8, 2020)** — The virtual 2020 Wheels & Heels Gala to benefit America's Automotive Trust and its partners – LeMay-America's Car Museum, RPM Foundation, and TechForce Foundation will take place this weekend, Saturday, September 12 from 5 to 7 p.m. People can sign up for free at [www.americascarmuseum.org](http://www.americascarmuseum.org).

Hosted by David Silverman, the event will allow auto enthusiasts and education supporters to enjoy a live stream of the "Mechanics in Motion" Virtual Gala & Live Auction and bid for live and silent auction items against other participants. They'll also learn more about the programs offered by the collaborating nonprofits.

The online live auction will begin at 6 p.m. and will feature a wide array of spectacular items on which to bid, including:

- A VIP-level four-day experience at the legendary 24 Hours of LeMans car race in Le Mans, France. The winning bidder and a guest will be guests in the Ferrari Hospitality Suite and dine with the drivers.
- A VIP excursion to the Kentucky Derby, which includes three-nights at The Brown Hotel, owner's suite seating, guest access to the famously private Mansion, and dinner at the legendary Jeff Ruby's.

Additional live auction items include private racing experiences, fly fishing excursions, yacht cruises, and wine lovers' outings in Italy and Napa Valley.

In addition to the live auction, an online silent auction is currently underway and will be open for bids until 5 p.m. PDT on Sunday, September 13.

For more information visit [americacarmuseum.org](http://americacarmuseum.org).

**About America's Automotive Trust**

America's Automotive Trust convenes like-minded nonprofits working together to preserve and evolve car culture, community, and careers. Its purpose is to fuel five key initiatives: Youth STEM Education, Workforce Development, Women Driving Change, Car Culture and Community; and Celebrating the Past, Present and Future of Mobility. As a part of those initiatives, America's Automotive Trust fosters the love of driving and a sense of community through Club Auto and Concours Club. America's Automotive Trust is a nonprofit 501(c)(3) and its partner organizations include LeMay – America's Car Museum, TechForce Foundation, and RPM Foundation. For more information, visit [www.americasautomotivetrust.org](http://www.americasautomotivetrust.org).
